

## INDEX

Analysis of rearrangement of viral integration in patients with gastric, liver, pancreas, colon, uterus cancer and its participant of development of these cancers.....	Mitsuhiko MORIYAMA et. al	1
Analysis of disease-specific human mast cell phenotype and investigation of mechanisms of the phenotypic changes .....	Yoshimichi OKAYAMA et. al	8
Study on cell transplantation of DFAT in chronic kidney disease .....	Takashi MARUYAMA et. al	13
The mechanism of cancer gene therapy with a Del1 fragment .....	Hisataka KITANO et. al	17
Inhibitory effects of pyrrole imidazole polyamide targeting MMP-9 for invasiveness of renal carcinoma cells .....	Kenya YAMAGUCHI et. al	20
Development of the PIP targeting intrahepatic bile duct cancer-specific fusion gene .....	Kyoko FUJIWARA et. al	22
Identification of novel markers for dedifferentiated fat (DFAT) cells.....	Tomohiko KAZAMA	25
Glycosylation analysis from lung biopsy using by laser microdissection and lectin array techniques .....	Yoko NAKANISHI et. al	28
Influence of duration of Parkinson disease on outcome of STN-DBS.....	Chikashi FUKAYA et. al	31
Postoperative liver steatosis in pancreatoduodenectomy: treatment strategy .....	Shintaro YAMAZAKI	33
A study on oral carcinogenesis and IL-22 .....	Shihoko KOMINE-AIZAWA et. al	35
Detection of arrhythmias based on the pulse wave derived RR interval variability analysis by newly developed “watch-type” plethysmograph .....	Yuji KASAMAKI et. al	38
Establishment of the new method to induce iPS cell by using pyrrole- imidazole polyamide targeting TGF-β1 .....	Masayoshi SOMA et. al	41
Cerebrospinal stimulation therapy for post-stroke pain based on the results of drug challenge test .....	Takamitsu YAMAMOTO et. al	46
Characteristic analysis of porcine epicardial adipose tissue-derived dedifferentiated fat cells .....	Taro MATSUMOTO et. al	51
Basic research for understanding of the pathogenesis of severe immunological and allergic diseases .....	Yoshimichi OKAYAMA et. al	54
Overview of experimental design .....	Takero MAZAKI et. al	61
Development of the multi-function type body weight measurement unit for Medium-sized laboratory animals .....	Junichi FUJITA et. al	66
A preliminary analysis for application to the usage of Wearable Camera in Medical education and research .....	Koichi INOUE et. al	72
Lists of publication and results from Utilization in Medical Research Center .....		77
